The World's First Healthy Energy Drink

Key Amino Acids

L-Carnitine- A very potent amino acid that helps in the breakdown and disposal of fat in the body.

L-Arginine- A very potent amino acid that helps the body produce and release more Growth Hormone in the body which has shown to dramatically decrease body fat in humans.

Taurine- A very potent amino acid that is shown to increase energy levels within human cells.

Tyrosine- An amino acid that helps improve brain function. It is also helpful in suppressing your appetite and reducing body fat. It is used for stress reduction and helps fight fatigue, anxiety, depression, allergies, as well as headaches. In many studies, tyrosine proved effective in alleviating stress and keeping people more alert.

Key Herbs

Guarana- A natural stimulant that has shown to increase energy, alertness, mood, memory retention and physical endurance.

Green Tea- There is no other food or drink reported to have as many health benefits as Green Tea. The Chinese have known about the medicinal benefits of Green Tea since ancient times, using it to treat everything from headaches to depression. Green Tea has been used as a medicine in China for at least 4,000 years.

Today, scientific research in both Asia and the West are providing hard evidence for the health benefits long associated with drinking Green Tea everyday. For example, in 2004 the Journal of the National Cancer Institute published the results of a study indicating that **drinking Green Tea everyday reduces the risk of Cancer in men and women by nearly 65%**.

University of Purdue researchers recently concluded that a compound in Green Tea inhibits the growth of Cancer cells. There is also research indicating that drinking Green Tea lowers total cholesterol levels, as well as improving the ratio of good (HDL) cholesterol to bad (LDL) cholesterol.

If that weren't enough, our Energy Drink contains the herb **Maca** which works within the body to help rebuild a weak immune system, re-mineralize poorly nourished bodies, and increase strength, stamina, energy and endurance. It has also been shown to **increase sexual libido** and **sexual function** in both men and women!

This product is sweetened with a herb called **Stevia**. Since Stevia is an All Natural Herb it is the #1 sweetener recommended by doctors and nutritionists because it's all natural, it contains zero calories, and has zero effect on your blood sugar levels.

This Energy Drink also contains **Potassium** and **100% of The Daily Recommended Vitamins for Vitamins C, B6, and B12!**

Simply put this is the greatest Energy Drink ever created! Try a can for yourself today and experience the awesome effects this product has on how you feel.

That is why we call it The "Feel Good" Drink!!
